

```
System.out.println("Sum = " + result);
```

```
{
```

```
}
```

Factorial of a number

Sum of digits

Reverse number

Palindrome

Fibonacci series

// Factorial of a number

```
class Main {
```

```
public static void main(String args[])
```

```
{ int n = 5, f = 1;
```

```
for (int i = 2; i <= n; i++) {
```

```
    f = f * i;
```

```
System.out.println("Factorial = " + f);
```

```
}
```
